INTERNATIONAL FOOD SECURITY CAMPAIGN

Volunteer Information (cont.)

ESTIMATED TIME AVAILABILITY

Life doesn't always make it easy to predict just how much time a person will want or be able to put into a volunteer project, but even a broad estimate of your availability can help in organizing Campaign projects. Please estimate the average amount of time you are considering contributing to the IFST Campaign, (for example, __ hour(s) per month, 3 hours per week, one day this year, etc.). This is *not* a pledge, and will not oblige you in any way.

SKILLS and CONTACTS

There is a great deal of important work to be done for the IFST which requires no unusual skills or contacts. However, if you possess any particular skills which you believe might be relevant (e.g. desktop publishing, social media, computer graphics, public relations, fundraising, foreign languages, web design, political organizing, etc.) or contacts who may be helpful (e.g. people in governments in the US or other countries, press or media professionals, clergy, leaders of non-profit agencies, foundations, community groups, etc., service providers), please describe.
